

Social Media Content Examples for Instagram and Facebook

Use images similar to the ones below and use Canva to add a banner on the bottom with your name, address and contact info – then save it as a new image. Easy Peasy!

And don't forget to add appropriate hashtags (#) when posting to social media.

If you want to see some additional good content examples, check out Bright Dentistry and Dentistry of Colorado on Instagram – they both do a great job of posting various types of content (please note they are NOT clients of Mettler Marketing).
